Department of Health

Department Reference: FOI 1937

**NOTICE OF DECISION: UNDER SECTION 24A
OF THE FREEDOM OF INFORMATION ACT 1982**

I refer to your request of 11 August 2020 to the Department of Health (department) seeking access under the *Freedom of Information Act 1982* (Cth) (FOI Act) to the following documents:

"All records in the possession, custody or control of The Department of Health describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something,*
- the performance of an amplification test (i.e. a PCR test),*
- or the sequencing of something.*

Please also note that my request is not limited to records that were authored by The Department of Health or that pertain to work done by The Department of Health. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that The Department of Health has downloaded or printed.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each record with certainty (i.e. title, author(s), date, journal, where the public may access it)."

On 24 August 2020, the department sent you an email advising the department does not hold any documents relating to the scope of your request and referring you to the states and territories. You responded the same day, seeking a PDF response and asking questions about SARS-COV-2 Virus Isolation.

I am writing to advise you of my decision.

FOI decision

I am authorised under subsection 23(1) of the FOI Act to make decisions in relation to Freedom of Information requests. I am writing to notify you of my decision on your request.

All reasonable steps have been taken to find documents referred to in your request including consultation with relevant policy and program areas, thorough searches of departmental file management systems, electronic documents on shared and personal drives and departmental data bases.

I am satisfied the consultation undertaken and the searches conducted were thorough and all reasonable steps have been taken to locate documents relevant to your request. I am satisfied the documents referred to in your request do not exist.

As a consequence, relying on section 24A of the FOI Act, I cannot provide access to the documents you requested.

FOI review rights

If you are dissatisfied with my decision, you may apply for an internal review or Australian Information Commissioner (Information Commissioner) review of the decision.

Internal review

Under section 54 of the FOI Act, you may apply in writing to the department for an internal review of my decision. The internal review application must be made within 30 days of the date of this notice (or such further period as the department allows). Where possible please provide reasons why you consider review of the decision is necessary. The internal review will be carried out by another officer of this department within 30 days.

An application for an internal review should be addressed to:

Email: FOI@health.gov.au
Mail: FOI Unit (MDP 516)
Department of Health
GPO Box 9848
CANBERRA ACT 2601

Information Commissioner Review

Under section 54L of the FOI Act, you may apply to the Information Commissioner to review my decision. An application for review must be made in writing within 60 days of this notice (if you do not request an internal review).

The Australian Information Commissioner can be contacted by:

Email: enquiries@oaic.gov.au

Phone: 1300 363 992

More about the Information Commissioner review is available on the Office of the Australian Information Commissioner (OAIC) website at:

<https://www.oaic.gov.au/freedom-of-information/reviews/>

You may also make a complaint to the Information Commissioner about action taken by the department in relation to your application. Further information can be obtained from the OAIC website.

Relevant provisions of the FOI Act

The FOI Act, including the provisions referred to in this letter, can be accessed from the Federal Register of Legislation website:

Additional information

As mentioned in the department's email to you of 25 August 2020, the FOI Act provides a mechanism for individuals to access 'documents' held by entities such as the department. It does not provide a mechanism for making enquiries or asking questions about issues.

However, outside the FOI Act, I can provide you with the following information that may be of assistance to you.

Point-of-care testing is a form of testing in which the analysis is performed where healthcare is provided, close to or near the patient. All point-of-care test kits for identifying the SARS CoV-2 virus (COVID-19 test kits) approved by the Therapeutic Goods Administration (TGA) for supply within Australia and inclusion in the Australian Register of Therapeutic Goods are listed on the TGA website at: www.tga.gov.au/covid-19-test-kits-included-artg-legalsupply-australia.

Information about the regulation of in vitro diagnostic medical devices in Australia, including the COVID-19 test kits, is also available on the TGA website at: www.tga.gov.au/overview-regulatory-framework-vitro-diagnostic-medical-devices

Additionally, there is a publically available paper on the isolation of SARS-CoV-2 at VIDRL (which describes inoculation of Vero/hSLAM cells which led to the isolation of SARS-CoV-2 in culture), which can be located at the following link:
