

WhatDoTheyKnow

Full, accurate and complete disclosure of records showing that the claimed SARS-COV-2 virus causes the symptoms of COVID-19

[Marc Horn](#) made this Freedom of Information request to [House of Lords](#)

The request was **successful**.

Marc Horn 28 July 2020

Delivered

Dear House of Lords,

Please provide a full, accurate and complete list of records held within your office, and / or under your authority, supporting the claim that the SARS-COV-2 virus causes the symptoms of the disease called COVID-19, including but not limited to isolation of SARS-COV-2 virus and its identification method as confirmation.

Please note isolation is used in the normally understood meaning of the word – the act of separating a thing from another. I am not referring to, and hence not requesting, isolation meaning the culture of something else or the performance of an amplification test (eg PCR test which only detect mRNA or DNA) or the sequencing of “something”.

If any records match the above description and are available to the public elsewhere, please provide enough information so that I may identify and access each record with certainty (i.e. title, author(s), date, journal, and weblink or location where the public may access it).

I remind you full, accurate and complete disclosure is required.

Yours faithfully,

Marc Horn

Dear Mr Horn,

Please find attached our response to your request (copied below) to the House of Lords Administration.

You may, if dissatisfied with the treatment of your request, ask the House of Lords to conduct an internal review. This should be addressed to [1][\[email address\]](#) and explain clearly the nature of your complaint in terms of compliance with the Freedom of Information Act 2000.

List of records supporting the claim that the SARS-COV-2 virus causes the symptoms of the disease called COVID-19

Request:

Please provide a full, accurate and complete list of records held within your office, and / or under your authority, supporting the claim that the SARS-COV-2 virus causes the symptoms of the disease called COVID-19, including but not limited to isolation of SARS-COV-2 virus and its identification method as confirmation.

Please note isolation is used in the normally understood meaning of the word – the act of separating a thing from another. I am not referring to, and hence not requesting, isolation meaning the culture of something else or the performance of an amplification test (eg PCR test which only detect mRNA or DNA) or the sequencing of “something”.

If any records match the above description and are available to the public elsewhere, please provide enough information so that I may identify and access each record with certainty (i.e. title, author(s), date, journal, and weblink or location where the public may access it).

Response:

The Freedom of Information Act 2000 (“the FOIA”) provides a right of access, subject to specified exemptions, to recorded information held by a public authority. In the case of the House of Lords, the rights of access apply to recorded information held by the House of Lords Administration.

The House Administration does not hold specific records matching the description in your request. However, you may find some relevant information in the oral and written evidence that has been submitted so far to the Science and Technology Committee, which is currently conducting an inquiry into the science of COVID-19. Evidence submitted to the inquiry starts from the premise (which so far as we know is uncontested) that the SARS-COV-2 virus causes the COVID-19 illness. The oral and written evidence is published on our website here:
