Dear Ms. Massey,

I am in receipt of your MFIPPA Request sent via email to Dr. Rosana Salvaterra on May 16, 2021. As the Privacy Officer responsible for MFIPPA at Peterborough Public Health, I provide the following response.

Peterborough Public Health has no records in relation to your request. Local public health agencies in Ontario are responsible for adherence to the Health Protection and Promotion and implementation of the Ontario Public Health Standards and related protocols as set by the Ministry of Health. Scientific advice is provided by Public Health Ontario. We do not work directly with patient samples related SARS-COV-2 or analysis of these samples.

Submitted via email to: info@peterboroughpublichealth.ca <mailto:info@peterboroughpublichealth.ca>;
info@peterboroughpublichealth.ca <mailto:info@peterboroughpublichealth.ca>

Dear Freedom of Information and Privacy Coordinator and Dr. Rosana Salvaterra,

This is a formal request for access to general records, made under the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA) due to COVID-19-related harassment of the public by agents of Peterborough Police Service and the City of Peterborough.

A failure to respond within 30 days as required under MFIPPA will be interpreted as "no records" and made public.

Description of Requested Records:

All studies and/or reports in the possession, custody or control of Dr. Rosana Salvaterra, or any Peterborough Public Health staff member responsible for "COVID-19" research/monitoring/decisions/policies/recommendations, describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (via maceration, filtration and use of an ultracentrifuge; also referred to at times by some people as "isolation"), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" from a patient sample and instead:

- * cultured an unpurified sample or other unpurified substance, and/or
- * performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or
- * fabricated a genome based on alignment/assembly/trimming/editing of thousands/millions of PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- * produced electron microscopy images of unpurified things in a cell culture.

Clarification of Request

For further clarity, please note I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and I am not requesting records describing the replication of a "virus" without host cells.

Further, I am not requesting records that describe a suspected "virus" floating in a vacuum; I am simply requesting records that describe its purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please also note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study authored by anyone, anywhere since December 2019 and relied on by Dr. Rosana Salvaterra and/or Peterborough Public Health as evidence of a disease-causing "virus" circulating in humans.

Please note that despite the fact that purification is an essential <https://www.torstenengelbrecht.com/en/home/> (but not sufficient) step in proving the existence of a disease-causing "virus", as of today 58 institutions globally have all failed to provide or cite any such records, therefore to my knowledge no such records exist and if they do exist I cannot access them until I am provided a citation or URL.

Therefore in the interest of transparency and in accordance with the purposes of MFIPPA, if any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

To: Larry Stinson <lstinson@peterboroughpublichealth.ca>

Thank you Mr. Stinson.

Would it be possible for you to please provide the response in a formal dated and signed letter with a file number?

Thank you and best wishes,
Christine

Good afternoon Ms. Massey; I am replying on behalf of Larry Stinson to your request for the email reply (see below) provided to you on May 18, 2021, in a formal dated and signed letter with a file number (attached), with regards to your Municipal Freedom of Information and Protection of Privacy Act (MFIPPA) request dated May 16, 2021. I have forwarded the original correspondence to you in the mail.

If you have any questions, please reply to lstinson@peterboroughpublichealth.ca.

Thank you.

Wendy Freeburn

Christine Massey MFIPPA Request File No. 2021-05 dated May 16 2021, Aug 25 2021.pdf
200K

August 25, 2021

Ms. Christine Massey

Peterborough, ON

RE: MFIPPA Request, dated May 16, 2021, File No: 2021-05

Dear Ms. Massey:

In response to your request under the *Municipal Freedom of Information and Protection of Privacy Act (MFIPPA)* for:

"All studies and/or reports in the possession, custody or control of Dr. Rosana Salvaterra, or any Peterborough Public Health staff member responsible for "COVID-19" research/monitoring/decisions/policies/recommendations, describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (via maceration, filtration and use of an ultracentrifuge; also referred to at times by some people as "isolation"), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)."

As per your reply request received on May 20, 2021, I am sending the reply forwarded to you on May 18, 2021 via email in a formal dated and signed letter with file number: Peterborough Public Health has no records in relation to your request. Local public health agencies in Ontario are responsible for adherence to the Health Protection and Promotion and implementation of the Ontario Public Health Standards and related protocols as set by the Ministry of Health. Scientific advice is provided by Public Health Ontario. We do not work directly with patient samples related SARS-COV-2 or analysis of these samples.

If you have any questions, I can be contacted at lstinson@peterboroughpublichealth.ca, or by calling (705) 743-1000, extension 253.

Yours truly,

Larry Stinson,
Hons. B.Sc., MPA(M)
Director of Operations
