

19 October 2021

Director Public Health  
London Hammersmith and Fulham – Nicola Lang (acting/interim)

nicola.lang@lbhf.gov.uk

This is my wish for access to records.

### **Description of Requested Records:**

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the **purification** (i.e. via filtration and ultra-centrifugation and chromatography) of any “**COVID-19 virus**” (aka “SARS-COV-2”, including any alleged “variants” i.e. “B.1.1.7”, “B.1.351”, “P.1”) directly from a sample taken from a diseased man, where the patient **sample was not first** combined with any other source of **genetic** material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate **proving a causal link** between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to **purify** the suspected “virus” (separate the alleged “virus” from everything thing else in the patient sample) and instead:

- cultured an unpurified sample or other unpurified substance, and/or
- performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or
- fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- produced electron microscopy images of unpurified things in a cell culture.

### **Clarification of Request**

For further clarity, please note I am already aware that according to virus theory a “virus” requires host cells in order to replicate, and I am **not** requesting records describing the **replication** of a “virus” without host cells.

Further, I am **not** requesting private patient information, or records that describe a suspected “virus” floating in a vacuum; I am simply requesting records that describe its **purification** (**separation** from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study **authored by anyone, anywhere**. This includes your own **website** which claims to have the virus

isolated ; given your body corporate/politick receives publick treasure, the worldwide 'interest' and that more than 100 institutions other have no virus isolate this is for publick record/evidence.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

**Format:**

Pdf documents sent to me via email; I do not wish for anything to be shipped to me.

## Assessment and care coordination

Hammersmith & Fulham Council  
Town Hall, King Street  
Hammersmith  
London W6 9JU

Reference: 2029609  
Email: [icaseworkinformation@lbhf.gov.uk](mailto:icaseworkinformation@lbhf.gov.uk)  
Date: 20 October 2021

Dear 

## Freedom of Information Act 2000

This request is being handled under the Freedom of Information Act 2000.

I am writing to advise you that, following a search of our paper and electronic records, I have established that the information you requested is not held by London Borough of Hammersmith and Fulham.

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

We do not have any records that relate to your query

Please quote the reference number 2029609 in any future communications.

If you aren't happy with the council's response, please contact H&F within 40 working days of us sending you our response, with details of why you're unhappy.

You can do this by:

- visiting H&F's website: <https://www.lbhf.gov.uk/councillors-and-democracy/complaints>
- emailing [handfintouch@lbhf.gov.uk](mailto:handfintouch@lbhf.gov.uk)
- writing to the Resident Experience team, Hammersmith Town Hall, King Street, London, W6 9JU

Your concerns will be passed to H&F's Information Management Team to consider as an internal review. There's no charge for requesting an internal review.

If you are still dissatisfied with the Council's response after the internal review you have a right of appeal to the Information Commissioner by:

- Writing to the Information Commissioner's Office (ICO), Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF
- Calling their helpline: 0303 123 1113
- Visiting the ICO's website [www.ico.org.uk/concerns/](http://www.ico.org.uk/concerns/)

The ICO are the UK's independent authority set up to uphold information rights in the public interest.

I will now close your request as of this date.

Yours sincerely

Sarah O'Neill  
Business and Project Manager  
Social Care and Public Health
