sub-please provide information under RTI act 2005 and section 76 of Indian evidence act.

"Please see this: <https://www.fluoridefreepeel.ca/68-health-science-institutions-globally-all-failed-to-cite-even-1-record-of-sars-cov-2-purification-by-anyone-anywhere-ever/>

Here we can see that 93 health/science institutions globally all failed to cite even 1 record of "SARS-COV-2" purification, by anyone, anywhere, ever.

This is for the original so-called SARS-COV2 virus. Given this, please explain the scientific basis for purification and isolation of variants. Does ICMR have any record of this? Please provide scientific papers clearly detailing the purification and isolation of the so-called Delta variant.

By purification and isolation, we mean maceration, filtration, and ultracentrifugation. We do not mean a virus culture created by using a mixture of monkey kidney cells, bovine serum, antibiotics, and so on in a minimal nutrition medium, that too without a CONTROL study.

By doing this it is clear that the process of poisoning the cells (with antibiotics known to be harmful to kidney cells) and starving the cells is what brings about the cytopathic effect (CPE).

Sub.: Online Application under Right to Information Act 2005

Ref.: Registration No. NIOVP/R/T/21/00011 dated 08/09/2021

Madam,

This is in reference to your above online application no. NIOVP/R/T/21/00011 dated 8th September, 2021 forwarded by ICMR on 08/09/2021 with reference no. INCMR/R/E/21/00768 seeking information under Right to Information Act 2005. The information sought by you is furnished below.

<p>Please provide scientific papers clearly detailing the purification and isolation of the so-called Delta variant.</p> <p>By purification and isolation, we mean maceration, filtration and ultra-centrifugation. We do not mean a virus culture created by using a mixture of monkey kidney cells, bovine serum, antibiotics, and so on in a minimal nutrition medium.</p>	<ul style="list-style-type: none">• There is no specific protocol for purification and isolation of the SARS-CoV-2 Delta variant. Virus purification from plaque is a generalize technique which can be used for various viruses.• The scientific article on SARS-CoV-2 purification and isolation as mentioned below.<ul style="list-style-type: none">➤ Hanifehnezhad A, Kehribar EŞ, Öztop S, Sheraz A, Kasirga S, Ergünay K, Önder S, Yılmaz E, Engin D, Oğuzoğlu TÇ, Şeker UÖ. Characterization of local SARS-CoV-2 isolates and pathogenicity in IFNAR-/-mice. Heliyon. 2020; 6(9):e05116.
---	---

The Appellate Authority in respect of the information furnished above is, Prof. Priya Abraham, Director, ICMR-National Institute of Virology, Pune. If you are not satisfied with this reply, you may appeal within 30 days of receipt of this letter.

Thanking you,

Yours sincerely,

Dr. Deepti Parashar
