Thomas Piggott,

**I accuse you of fraud and crimes against humanity. I accuse you of terrorism.**

**Will you face me publicly and allow me to serve you a Notice: Trespass and Liability and Cease and Desist, or cower away behind paid "security" thugs?**

It is the DUTY of men and women to alert the public and hold people such as yourself accountable.

### Statement of "COVID-19" Facts; Publicly Available Evidence

#### Notice: Trespass and Liability; Cease and Desist

1. An alleged "virus" must be purified (aka "isolated") before it can be sequenced, characterized, and investigated via controlled experiments.
2. Sequencing and characterization are necessary for identification of a specific "virus".
3. Repeated controlled experiments are necessary for determination of disease causation by a "virus".
4. Purification of an alleged "virus" from many patient samples, and then characterization, sequencing and repeated controlled experiments are necessary before one can logically and scientifically conclude that "it" is circulating in humans and is the cause of an allegedly new disease.
5. It is impossible to validate any "test" without a gold standard.
6. It is impossible to validate any "test" claimed to "confirm" the presence of a "virus" (or a "viral infection") before the alleged "virus" has been proven to exist.
7. It is impossible to validate any "test" claimed to "confirm" a "viral disease" before the alleged "virus" has been a) proven to exist and b) proven to cause the disease.
8. Published studies wherein authors claimed to have "isolated" the alleged "COVID-19 virus" (aka "SARS-COV-2") (or any other alleged virus, including "SARS-COV-1") do not describe isolation/purification of an alleged virus from patient samples (or from anything else).
9. Published studies wherein authors claimed to have "sequenced" the alleged "SARS-COV-2" (or any other alleged virus, including "SARS-COV-1") do not describe extraction of genetic material from a purified sample of "virus" or discovery/determination of a "viral genome".
10. Freedom of Information (FOI) responses from 44 Canadian institutions (including the Public Health Agency of Canada, Health Canada and all 5 Canadian institutions that claimed to have "isolated the virus") and Freedom of Information responses and court documents from 110 additional institutions in >25 additional countries show that governments and health/science institutions worldwide have uniformly failed to provide or cite even 1 record describing purification of the alleged "SARS-COV-2" (or any alleged "variant") from a sample taken from a sick patient, by anyone, anywhere on Earth.

11. FOI responses from the U.S. Centers for Disease Control and Prevention and elsewhere have yielded no record whatsoever describing purification of the alleged 2003 "SARS virus" or any "common cold coronavirus", or "HIV", "HPV", "measles virus", "polio virus", "ebola virus", "zika virus", "influenza virus", any "virus" on a "vaccination" schedule, or any "virus" at all, from a sample taken from a sick patient, by anyone, anywhere on Earth, ever.

12. Governments and health/science institutions worldwide have demonstrated that they are unable to provide or cite any study or report, published by anyone, anywhere on Earth, describing the alleged "SARS-COV-2" isolated/purified directly from the fluids of a sick patient and then characterized and sequenced and proven to cause disease in humans or animals.

13. Governments and health/science institutions worldwide have demonstrated that they are unable to prove the existence of the alleged "SARS-COV-2" (or any alleged "variant").

14. Governments and health/science institutions worldwide have demonstrated that they are unable to prove that the alleged "SARS-COV-2" (or any alleged "variant") is the cause of any disease, new or old.

15. All of the above-mentioned FOI responses and court documents are publicly available from my website at the following URL:

<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-around-the-world-have-no-record-of-sars-cov-2-isolation-purification/>

and "SARS-COV-2" responses are also publicly available in compilation pdfs in storage drives at the following URLs, along with a sample of affidavits/declarations from myself re the worldwide collection of FOI responses:

16. All "COVID-19" tests, diagnoses, statistics, projections, models and injections of every kind are invalid and ultimately based on delusion, misconception, misinterpretation, ignorance, incompetence, incomplete information and/or intentional fraud.

17. All "COVID-19"-related interferences in the lives and bodies of men, women and children (including the unborn) have been unlawful trespasses; this includes (but is not limited to) all orders, bullying, threats, fines, tickets, arrests, incarcerations, seizures, closures, public restrictions of every kind (including in hospitals, schools, court houses, police stations, shops, parks, recreation centres, etc.), denials of service and denials of paid employment, imposed and/or enforced by politicians, medical officers, employers and/or police.

**18. Any man or woman who unlawfully trespasses against a man, woman or child (including the unborn) is liable for any wrong or harm they cause.**

**Cease and Desist all "COVID-19" activity, and all "COVID-19" interferences in the lives and bodies of men, women and children (including the unborn).**

I require that this communication be added to the agendas of your next meetings.

**God help you if you persist with even a hint of "COVID-19" propaganda or interference.**

@twpiggott

Enough already. Everyone has the right to expressing their beliefs, no matter how wrong they may be. But not at our expense. Healthcare workers and public health need protection and can't be the site of these terrorizing demonstrations.

Damn the anonymous (no real name, no real picture, no real knowledge) accounts are triggered eh? By everything, including pronouns 😂 The community appreciates your leadership. Pay the dullards no heed.

There is a lot of idealism circulating that we're turning the corner on omicron. I've got a nice t-shirt that says Shameless Idealist. But, the reality with wastewater surveillance is that it's reflecting a temporary plateau thanks to the public measures put in place on Jan 5th.

We haven't crested this yet, and based on earlier modeling data, I believe we've just put off a higher peak that is yet to come. Please keep adhering to public health measures, gathering limits, stay home if you can & you must if sick, upgrade your mask game & get vaccinated!

We're not through this yet. I'm going to wear that t-shirt soon, just not today.
