Dear Mr. Stinson,

This is a request for a meeting with you next week. A colleague might attend as well, if they are available.

Please advise of a day and time that you will be free.

Thank you and best wishes,  
Christine Massey  
Peterborough

The purpose is to discuss the existence/nonexistence of the alleged "COVID-19 virus".

I need to know what evidence you rely on, and to educate you on the fraudulent nature of all "virus isolation" studies and all "COVID-19" tests, diagnoses, statistics, and "vaccines".

In our response to your previous FOI requests, it was indicated that Peterborough Public Health operates under the Ontario Health Protection and Promotion Act, which sets standards and requirements for local public health agencies. The scientific review and approval of vaccines and guidance for delivery are completed at the provincial and national level. I, therefore, decline the request to meet.

Dear Mr. Stinson,

Acts, standards and requirements are not **evidence**.

Guidance from provincial and national entities is not **evidence**.

**I am holding you, the man, personally responsible for your actions.**

Once again, I need to know **what evidence you rely on**, and to **educate you** on the fraudulent nature of all "virus isolation" studies and all "COVID-19" tests, diagnoses, statistics, and "vaccines".

Kindly advise of your availability.

Best wishes,  
Christine
