Dear Scott,

Subject: Metropolitan Police, London: crime reference number 6029679/21; update required re December 18, 2021 Notice/Crime Report

1. A verified claim of extremely serious criminality was made to the **Metropolitan Police, London, England** on the 20th of December 2021 and a **crime reference number 6029679/21** was supplied on that date.

December 20, 2021 news report:

UK Government Officials Face Police Investigation Over COVID Vaccines

"Dr. Sam White and members of his legal team visited Charing Cross and Hammersmith Police Stations in London on Monday, December 20, in their latest efforts to expose what they claim are serious safety issues regarding the COVID vaccines. They are also accusing UK government agencies of knowingly withholding information from the British public. PJH Law presented a criminal complaint containing "significant and irrefutable evidence," which was accepted by the Metropolitan Police. As a result, a crime reference number has been issued for "Misconduct in Public Office," and a designated officer and police department has been allocated to deal with it."

2. Mark Sexton asked me to communicate with the Metropolitan Police regarding my research that began in May 2021 into the alleged existence of "SARS-COV-2" (the alleged "COVID-19" virus). My finding thus far is that **every institution** that has been asked under freedom of information legislation and/or in court to provide records describing purification of the alleged virus from any patient sample, by anyone, anywhere on Earth, has **failed to provide even 1 record**, despite the fact that purification from **many** patient samples, **followed by** sequencing, characterization and controlled experiments, is necessary to prove the existence of a disease-spreading "virus" alleged to be circulating in the population.

Currently 164 institutions in roughly 30 countries have demonstrated that they are **unable to prove the existence of the alleged virus/variants**. Forty six of those institutions are Canadian. All 164 failures are publicly available on my website:

Attached is an Excel sheet listing the institutions.

3. On January 1, 2022, I sent the attached email to the Metropolitan Police, along with the attached **Witness Statement** that I had prepared at the request of lawyer Philip Hyland.

4. Attached is the **Emergency Communication** (Statements of Fact; Notice: Trespass and Liability; Cease and Desist) that was addressed to you and every man and woman acting as a member of Peterborough Police Service and was delivered to Peterborough Police Service at 500 Water Street where it was received by Scott Rogers who serves as Staff Sergeant (badge #162) and assigned file # PB 21034159, on December 18, 2021.

Most contents of the Evidence Package at the following URL was already provided to you on a USB key on December 18, 2021, including the worldwide collection of freedom of information responses, which were also provided to you in September (see below):
