Dear Von Hobbs,

RE: FOI-969 HIV/Human Immunodeficiency Virus

Thank you for your information request dated 21/10/21. I can confirm that we do not hold the requested information. The request has been considered under the Freedom of Information Act 2000.

Your Request:

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of "HIV" aka "human immunodeficiency virus", directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells, lung cells from a lung cancer patient) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate and proving a causation between the "virus" and the suspected infectious disease.

Please note that I am using "purification" in the every-day sense of the word: the act of separating a thing(s) from everything else. Please note that I am not requesting records/studies/reports where researchers failed to purify the suspected "virus" (separate the alleged "virus" from everything thing else in the patient sample) and instead:-

- cultured an un-purified sample or other un-purified substance, and/or**
- performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any nonpurified substance, and/or**
- fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any non-purified substance, and/or**
- produced electron microscopy images of un-purified things in a cell culture.**

The response to your request is as follows:

Under Section 1 of the Freedom of Information Act 2000, Derbyshire County Council do not hold information of the description specified in your request.

However, as part of our duty to provide advice and assistance under Section 16 of the Act, please note that this information is publicly available at UKHSA who can be contacted by emailing InformationRights@UKHSA.gov.uk.

I hope this now deals with your request for information. However should you wish the outcome to be reviewed, please follow the procedure as set out below;

Stage 1:

In the first instance, please send in your comments, and wherever possible, a copy of your request and the covering letter enclosing the information or refusing your request to:
