Date: 28 October 2021

Dear [REDACTED]

Freedom of Information Act 2000

Thank you for your recent request to the Council. You asked to be provided with the following information:

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of any 'COVID-19 virus' (aka 'SARS-COV-2', including any alleged 'variants' i.e. 'B.1.1.7', 'B.1.351', 'P.1') directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to purify the suspected 'virus' (separate the alleged 'virus' from everything else in the patient sample) and instead:

- cultured an unpurified sample or other unpurified substance,
- and/or performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance,
- and/or fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- produced electron microscopy images of unpurified things in a cell culture.

Clarification of Request

For further clarity, please note I am already aware that according to virus theory

a 'virus' requires host cells in order to replicate, and I am not requesting records describing the replication of a 'virus' without host cells.

Further, I am not requesting private patient information, or records that describe a suspected 'virus' floating in a vacuum; I am simply requesting records that describe its purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study authored by anyone, anywhere. This includes your own website which claims to have the virus isolated ; given your body corporate/politick receives publick treasure, the worldwide 'interest' and that more than 100 institutions other have no virus isolate this is for public record/evidence.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Response

This request is being handled under the Freedom of Information Act 2000.

I am writing to advise you that, following a search of our paper and electronic records, I have established that the information you requested is not held by Royal Borough Kensington and Chelsea.

No one in the organisation is able to respond to this FOIR. It is very much about research data/information, which is not held by any departments within the council.

Please quote the reference number 6400369 in any future communications.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. Internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to:

Information Management Team
The Royal Borough of Kensington and Chelsea
The Town Hall, Hornton Street, London W8 7NX
Email: foi@rbkc.gov.uk

If you are still dissatisfied with the Council's response after the internal review you have a right of appeal to the Information Commissioner at:

The Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire SK9 5AF
Telephone: 0303 123 1113
Website: www.ico.org.uk

I will now close your request as of this date.

Yours faithfully

Public Health
