Here is the response I received from the office of CA Governor Gavin Newsom.

They also admit their incompetence with handling my request in their response. lol

cheers

Kristen

RE: Public Records Act Request

Dear Ms. Welch:

This letter is in response to your correspondence received May 12, 2022, requesting: "All studies and/or reports in the possession, custody or control of the Office of the Governor of the State of California describing the purification of the alleged "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Clarification of Request:

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead:

cultured something, and/or

performed an amplification test (i.e. PCR), and/or

fabricated a genome from sequences (allegedly) detected in an impure substance, and/or

produced electron microscopy images of unpurified things.

I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and am not requesting records that describe replication of a 'virus' without host cells. Nor am I requesting records that describe a strict fulfillment of Koch's Postulates, or records where researchers conflate extraction of genetic material from a patient sample or cell culture with "virus isolation", or records that describe a suspected "virus" floating in a vacuum, or private patient information.

I simply request records that describe purification (separation of the alleged virus from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, authored by anyone, anywhere."

We appreciate you making our office aware that you submitted two separate Public Records Act requests to the Governor's Office. Unfortunately, due to a technical error, the above request was marked as a duplicate of your other May 12, 2022 request).

There are no records responsive to your request in the custody of the Governor's Office.

Thank you for contacting the Governor's Office.

Sincerely,
