Hi Jessica

Susan forwarded your email to me for response. In regards to your request for records related to “showing proof of isolation or purification of these two alleged viruses from a lab, scientific paper, etc”, our response is that such records are not in the custody or control of the Simcoe Muskoka District Health Unit. Our recommendation would be to inquire with the Ministry of Health of Ontario and Public Health Ontario and Health Canada to seek information regarding these specific laboratory methodologies.

Sincerely,

Natalie
