Hello Christine, 🌻

Response to WILTSHIRE FOI SARS-CoV-2 request--i have gone back again citing the original request and that they comply with all the requests submitted.

Also attached my original requests for reference.

[REDACTED]

19 October 2021

Director Public Health
South West Wiltshire UA – Kate Blackburn

kate.blackburn@wiltshireua.gov.uk

This is my wish for access to records.

Description of Requested Records:

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the **purification** (i.e. via filtration and ultra-centrifugation and chromatography) of any “**COVID-19 virus**” (aka “SARS-COV-2”, including any alleged “variants” i.e. “B.1.1.7”, “B.1.351”, “P.1”) directly from a sample taken from a diseased man, where the patient **sample was not first** combined with any other source of **genetic** material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate **proving a causal link** between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to **purify** the suspected “virus” (separate the alleged “virus” from everything thing else in the patient sample) and instead:

- cultured an unpurified sample or other unpurified substance, and/or
- performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or
- fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- produced electron microscopy images of unpurified things in a cell culture.

Clarification of Request

For further clarity, please note I am already aware that according to virus theory a “virus” requires host cells in order to replicate, and I am **not** requesting records describing the **replication** of a “virus” without host cells.

Further, I am **not** requesting private patient information, or records that describe a suspected “virus” floating in a vacuum; I am simply requesting records that describe its **purification** (**separation** from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study **authored by anyone, anywhere**. This includes your own **website** which claims to have the virus

isolated ; given your body corporate/politick receives publick treasure, the worldwide 'interest' and that more than 100 institutions other have no virus isolate this is for publick record/evidence.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Format:

Pdf documents sent to me via email; I do not wish for anything to be shipped to me.

RE: 202101091 DH - Studies describing the purification of any "COVID-19 virus"

From: InformationGovernance@wiltshire.gov.uk <InformationGovernance@wiltshire.gov.uk>

To: [REDACTED]

Date: Monday, November 1st, 2021 at 08:51

Dear [REDACTED]

Freedom of Information Request Case ID 202101091

Thank you for your request for information received on 22 October 2021 in which you asked for the following information:

Description of Requested Records:

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" (separate the alleged "virus" from everything else in the patient sample) and instead:

- ? cultured an unpurified sample or other unpurified substance, and/or*
- ? performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or*
- ? fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or*
- ? produced electron microscopy images of unpurified things in a cell culture.*

Under the Freedom of Information Act 2000 (the Act) the Council is obliged to:

- Let you know whether we hold the information you have requested
- Provide you with the requested information, if held, (subject to any exemptions to disclosure that may apply)

I can confirm that following searches the council does not hold the information you requested; this may be something that the [World Health Organisation](#) or [UK Health Security Agency](#) could help with.

If you are dissatisfied with the response to your request you can ask for a review of the handling of your request for information. Details of the complaints procedure are below

Best wishes,

Daniella Heard

Information Governance Officer

Wiltshire Council | County Hall | Bythesea Road | Trowbridge | BA14 8JN

Freedom of Information Complaints and Review Procedure

Any person who has requested information from Wiltshire Council which has been dealt with under the Freedom of Information Act is entitled to make a complaint and request an internal review of the handling of their request if they are dissatisfied with the response they have received.

Requests for review of a Freedom of Information requests should be made, in writing, which includes email, to:

Freedom of Information and Records Lead

Information Governance Team

Legal and Governance

Wiltshire Council

InformationGovernance@wiltshire.gov.uk

Please include the Case ID number, the date of your request and details of why you are asking for a review. Requests for a review should be brought to our attention within 40 calendar days of our response to your request.

Any request for a review will be acknowledged in writing confirming the reasons for the review. The review will be allocated to someone who is independent of the original decision. The person conducting the review will set a target date for a response with the intention to complete the review within 20 working days. In more complex cases the review may take up to 40 working days.

The reviewer will conduct a full review of the handling of the request for information and the decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case taking into account any matters raised by the requester.

On completion of the review the reviewer will contact the requester with the result of the review. If the requester is still dissatisfied with the council's handling of their request they should contact the Information Commissioners Office (ICO). The ICO can be contacted using the following details:

Information Commissioners Office
Wyldiffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF
Tel: 0303 123 1113 (local rate)
01625 545 745 (national rate)
Email: casework@ico.org.uk
