To:

Roger Andoh who acts as Freedom of Information Officer 1600 Clifton Rd NE MS T-01 Atlanta, Georgia 30333 Email: FOIARequests@cdc.gov Phone: 770-488-6277 Fax: 770-488-6200

Greetings Roger,

i require access to general records, as per your duty under the Freedom of Information Act;

## description of required records:

all studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) where authors:

1) directly assayed for the alleged "SARS-COV-2 **spike protein**" in the blood of "vaccinated" and "unvaccinated" people, and compared the results,

in the context of a controlled experiment or even an observational study ("vaccinated" = injected with a "COVID-19" product that is alleged to cause the body to create "SARS-COV-2 spike protein")

and/or

2) compared the antibody levels for "vaccinated" people and people injected with other toxins, to assess specificity of antibodies,

in the context of a controlled experiment or even an observational study ("vaccinated" = injected with a "COVID-19" product that is alleged to cause the body to create "SARS-COV-2 spike protein");

note that i do not require or want studies/reports where researchers did something with **recombinant** "SARS-COV-2 spike protein" (protein manufactured in a laboratory instead of a human body);

note this FOI is **not limited** to records that were authored by the CDC or ATSDR or that pertain to work done at/by the CDC or ATSDR; it includes any record matching the above description, authored by anyone, anywhere, ever;

if any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that i may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it); provide URLs where possible;

## format:

pdf documents sent to me via email; do not ship anything to me;

best wishes; written in good faith without recourse;

> by: Christine: Massey email: cmssyc@gmail.com.

## FOIA to CDC re: "SARS-COV-2 spike protein" comparisons

Christine, of the Massey family <cmssyc@gmail.com> To: "FOIA Requests (CDC)" <FOIARequests@cdc.gov> Wed, Feb 15, 2023 at 12:46 PM

Hi Roger,

I don't think I've had any acknowledgement yet of the communication below, that was sent on December 23, 2022. Note I filed 2 different FOIs re the alleged "SARS-COV-2 spike protein" on that day. I did receive acknowledgement of the other one.

Could you please provide an update?

Best wishes,

Written in good faith, without recourse;

by: Christine, unbonded/unincorporated living woman of the Massey family

FOIA Requests (CDC) <foiarequests@cdc.gov> To: "Christine, of the Massey family" <cmssyc@gmail.com>

Wed, Feb 15, 2023 at 12:59 PM

My apologies, Ms. Massey. The original transmission doesn't seem to have been received by us.

I've used today's email to log this in and you should receive an acknowledgement letter in the next day or so.

Bruno Viana Deputy Director

Freedom of Information Act (FOIA)

Office of the Chief Operating Officer (OCOO)

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

Centers for Disease Control and Prevention (CDC) Atlanta GA 30333

February 15, 2023

Christine Massey

Via email: cmssyc@gmail.com

Dear Ms. Massey:

The Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) received your attached Freedom of Information Act (FOIA) request dated February 15, 2023. Your request assigned number is 23-00723-FOIA, and it has been placed in our complex processing queue.

In unusual circumstances, an agency can extend the twenty-working-day limit to respond to a FOIA request.

We will require more than thirty working days to respond to your request because we reasonably expect that two or more CDC centers, institutes, and offices (C/I/Os) may have responsive records.

To process your request promptly, please consider narrowing the scope of your request to limit the number of responsive records. If you have any questions or wish to discuss reformulation or an alternative time frame for the processing of your request, you may contact the analyst handling your request Mark Harper at 770-488-8154 or our FOIA Public Liaison, Roger Andoh at 770-488-6277. Additionally, you may contact the Office of Government Services (OGIS) to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services; National Archives and Records Administration; 8601 Adelphi Road-OGIS; College Park, Maryland 20740-6001; e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Because you are considered an "Other requester" you are entitled to two hours of free search time, and up to 100 pages of duplication (or the cost equivalent of other media) without charge, and you will not be charged for review time. We may charge for search time beyond the first two hours and for duplication beyond the first 100 pages. (10 cents/page).

If you don't provide us with a date range for your request, the cut-off date for your request will be the date the search for responsive records starts.

You may check on the status of your case on our FOIA webpage <u>https://foia.cdc.gov/app/Home.aspx</u> and entering your assigned request number. If you have any questions regarding your request, please contact me at 770-488-8154 or via email at wzj6@cdc.gov.

We reasonably anticipate that you should receive documents by April May 8, 2023. Please know that this date roughly estimates how long it will take the Agency to close requests ahead of your request in the queue and complete work on your request.

The actual date of completion might be before or after this estimated date.

Sincerely,

Roger Andoh CDC/ATSDR FOIA Officer Office of the Chief Operating Officer (770) 488-6399 Fax: (404) 235-1852

#### DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

Centers for Disease Control and Prevention (CDC) Atlanta GA 30333 March 21, 2023

Ms. Christine Massey

Via email: cmssyc@gmail.com

Dear Ms. Massey:

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of February 15, 2023, for:

i require access to general records, as per your duty under the Freedom of Information Act;

#### description of required records:

all studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) where authors:

1) directly assayed for the alleged "SARS-COV-2 spike protein" in the blood of "vaccinated" and "unvaccinated" people, and compared the results, in the context of a controlled experiment or even an observational study ("vaccinated" = injected with a "COVID-19" product that is alleged to cause the body to create "SARS-COV-2 spike protein")

#### and/or

2) compared the antibody levels for "vaccinated" people and people injected with other toxins, to assess specificity of antibodies,

in the context of a controlled experiment or even an observational study ("vaccinated" = injected with a "COVID-19" product that is alleged to cause the body to create "SARS-COV-2 spike protein");

note that i do not require or want studies/reports where researchers did something with recombinant "SARS-COV-2 spike protein" (protein manufactured in a laboratory instead of a human body);

note this FOI is not limited to records that were authored by the CDC or ATSDR or that pertain to work done at/by the CDC or ATSDR; it includes any record matching the above description, authored by anyone, anywhere, ever;

if any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that i may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it); provide URLs where possible;

A search of our records failed to reveal any documents pertaining to your request.

You may contact our FOIA Public Liaison at 770-488-6246 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, via the online portal at <a href="https://requests.publiclink.hhs.gov/App/Index.aspx">https://requests.publiclink.hhs.gov/App/Index.aspx</a>. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be electronically transmitted by June 14, 2023.

Sincerely,

Roger Andoh CDC/ATSDR FOIA Officer Office of the Chief Operating Officer (770) 488-6399 Fax: (404) 235-1852
