Hello Ms Massey

In regards to your request that you made to PSPC, we were informed by Health Canada that you made the same request. We would like to proceed with a refund since your request will be handled by Health Canada. Next Tuesday (Dec 29) I will be at the office, I can call you to get your credit card information to proceed with the refund. Does that work with you?

Thanks

Hello Nadine,

Thank you for your message.

I'm not clear on why you want to issue a refund.

Is Public Services and Procurement Canada transferring my request to Health Canada under section 8 (1)?

Thank you and Merry Christmas :)

Good morning Ms Massey,

Since you asked Health Canada for the same information, we will issue a refund. Did you also make your request on Dec. 23 to Health Canada?

I asked a colleague to give me a hand with the procedures when it comes to transferring a request. Hope this will help.

Nadine

### 6.1 Conditions for transferring a request

There are occasions where an applicant requests information from a government institution that would be more appropriately handled by another government institution. [Section 8 of the Access to Information Act](#) (the Act) and [section 6 of the Access to Information Regulations](#) set the conditions for transferring a request.

A request may be transferred if the following four conditions are met:

1. The head of the institution considers that another institution has a greater interest in the record, as defined in [subsection 8\(3\) of the Access to Information Act](#):
  - the record was originally produced in or for the institution; or
  - in the case of a record not originally produced in or for a government institution, the institution was the first government institution to receive the record or a copy thereof.
2. The transfer is made within 15 days of receipt of the request.
3. The head of the other government institution agrees to process the request within the remaining allowable time.
4. The request has not already been transferred from another institution.

Hello Nadine,

Thank you for your message, but you haven't answered my question. I'm still not clear on why you want to issue a refund, and I'm not aware of anything that prevents me from requesting the same information from more than 1 institution.

Note that section 8 (1) states:

***Transfer of request***

- ***8 (1) Where a government institution receives a request for access to a record under this Part and the head of the institution considers that another government institution has a greater interest in the record, the head of the institution may, subject to such conditions as may be prescribed by regulation, within fifteen days after the request is received, transfer the request and, if necessary, the record to the other government institution, in which case the head of the institution transferring the request shall give written notice of the transfer to the person who made the request.***

**Is Public Services and Procurement Canada transferring my request to Health Canada under section 8 (1)?**

Thank you and best wishes,

Hi Sophie.

It's been more than 3 years since I last heard anything about this request.

You've only given me the Pfizer contract, and without all of the amendments.

Please provide me with all of the amendments and all of the other records that I requested almost 3.5 years ago.

Also, when you redact using white which is the same as the background colour, as you have done here, it's impossible for me to determine how many redactions have been made and where.

When you write back, please provide a version that is redacted with another colour.

Best wishes,  
Christine
