Dear Colleen,

I require access to general records, as per the *Municipal Freedom of Information Act*.

### Description of Requested Records:

All studies and/or reports in the possession, custody or control of Nicola Mercer, Matthew Tenenbaum, David Kingma, Camille Loucks, Karen Mulvey, the man/woman who acts as Manager, Control of Infectious Diseases and Tuberculosis or Wellington-Dufferin-Guelph Public Health that describe anyone on Earth finding and **purifying** any "**monkeypox virus**" directly from a sample (i.e. bodily fluid/tissue/excrement) taken from any diseased host (animal or human) where the sample taken from the host was not first combined with any other source of **genetic** material (i.e. a cell line; fetal bovine serum).

Please note that I do not require and do not want studies/reports where researchers failed to **purify** an alleged "virus" from the sample and instead:

- cultured something, and/or
- performed an amplification test (i.e. PCR), and/or
- fabricated a "genome", and/or
- produced electron microscopy images of unpurified things.

For further clarity, please note I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and that a strict application of Koch's Postulates would not be possible even if theoretical "viruses" existed. I do not require records describing the **replication** of an alleged "virus" without host cells, or strict fulfillment of Koch's Postulates, or a suspected "virus" floating in a vacuum, or private patient records.

I simply require records that describe **purification** (**separation** from everything else in the sample that was taken from the host, as per standard laboratory practices for the purification of other very small things).

Also, should it prove impossible to provide any such study (since none exist and virology is not a science), then please provide or cite a study/studies that, according to any of the people named above, prove the existence of said alleged "virus".

I require any study/report matching the above details, **authored by anyone, anywhere** since the alleged discovery of this alleged virus.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Hi Christine,

Thank you for your email. Can you please fill out the form (found at the link below) for this MFIPPA request. Your email will be included as supplementary material to your request.

[https://wdgpublichealth.ca/sites/default/files/ca.30.01.800\\_2017-07\\_access-correction\\_request\\_form.pdf](https://wdgpublichealth.ca/sites/default/files/ca.30.01.800_2017-07_access-correction_request_form.pdf)

Once the form is complete, you can send the form back to me at this email address and we will begin to process your request.

Please let me know if you have any other questions.

Thank you,

Ryan Ochocki

Hi Ryan,

Why do you want me to fill out a form when you already have all the necessary info?

I will fill out the form if you cite for me the provision of the legislation that authorizes an institution to reject an FOI based on the fact that it wasn't filed via a specific form.

Otherwise, please go ahead and respond to the FOI as required under the legislation.

Best wishes,  
Christine

**Re: Release of Information request – Records Regarding Monkeypox Virus  
WDGPH Access Request: 2022-11M**

Dear Christine Massey,

I am writing regarding your access request under the Municipal Freedom of Information and Protection of Privacy Act (hereafter, 'MFIPPA'). A search has been conducted and no responsive records were located.

The official responsible for making the access decision on your request is Dr. Kyle Wilson, Chief Privacy Officer

You may request the Information and Privacy Commissioner to review the decision to extend the timeline to response. The Commissioner's address is Suite 1400, 2 Bloor Street East, Toronto, Ontario, M4W 1A8. The appeal fee is \$25.00, payable by cheque or money order to the Minister of Finance and must be included with your correspondence.

Should you have any questions, please do not hesitate to contact the undersigned.

Yours truly,

Dr. Kyle Wilson  
Director, Information Systems & Chief Privacy Officer
