 Email: FOIARequests@cdc.gov
 Phone: 770-488-6277
 Fax: 770-488-6200

Greetings Roger,

This is an order for access to general records, per the *Freedom of Information Act*.**Ordered Records:**

All studies in the possession/custody/control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR), authored by anyone, anywhere, ever:

1. - that scientifically prove or provide evidence of the existence of the alleged "human metapneumovirus" (HMPV) (showing that the alleged particles exist and cause the illness/symptoms that they are alleged to cause).

Note: Scientific proof/evidence is not opinions, speculation, declarations, review papers or descriptive studies.

Scientific evidence requires use of the scientific method to test falsifiable hypotheses through valid, rigorous, repeatable controlled experiments.

2. - (if no records exist for #1) that at least describe the purification of particles that are claimed to be this alleged viruses, directly from bodily fluid, tissue or excrement of so-called "hosts" (without adding any sources of genetic material or proteins) with purification confirmed via EM imaging (the images must be available as well).

Purify = separate from everything else in the clinical sample.

I am aware that according to "virus" dogma a "virus" requires host cells in order to replicate and am not seeking records describing the replication of a "virus" without host cells, or that describe a suspected "virus" floating in a vacuum or a strict fulfillment of Koch's Postulates. Nor am I seeking private patient records.

I am simply seeking records that describe purification (separation from everything else in the "host" sample).

3. - wherein the purported "genome" of this alleged virus was found intact in the bodily fluid, tissue or excrement of a so-called "host" (as opposed to fabricated in silico aka made-up / modelled on a computer).
4. - that scientifically demonstrate contagion of any of the symptoms / illnesses that are allegedly caused by said purported virus.

If any records match the above description and are publicly available, please provide enough information about each one so that I may identify and access it with certainty (i.e. title, author(s), date, journal, URL, DOI).

Publicly Available Records

If any records match the above description of requested records and are currently available to the public elsewhere, please assist me by providing enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Format:

Searchable pdf documents sent to me via email; please don't ship anything to me.

Ms. Christine Massey

Via email: cmssyc@gmail.com

Dear Ms. Massey:

The Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) received your Freedom of Information Act (FOIA) request dated January 8, 2025 for:

All studies in the possession/custody/control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR), authored by anyone, anywhere, ever:

1. - that scientifically prove or provide evidence of the existence of the alleged "human metapneumovirus" (HMPV) (showing that the alleged particles exist and cause the illness/symptoms that they are alleged to cause).

Note: Scientific proof/evidence is not opinions, speculation, declarations, review papers or descriptive studies.

Scientific evidence requires use of the scientific method to test falsifiable hypotheses through valid, rigorous, repeatable controlled experiments.

2. - (if no records exist for #1) that at least describe the purification of particles that are claimed to be this alleged viruses, directly from bodily fluid, tissue or excrement of so-called "hosts" (without adding any sources of genetic material or proteins) with purification confirmed via EM imaging (the images must be available as well).

Purify = separate from everything else in the clinical sample.

I am aware that according to "virus" dogma a "virus" requires host cells in order to replicate and am not seeking records describing the replication of a "virus" without host cells, or that describe a suspected "virus" floating in a vacuum or a strict fulfillment of Koch's Postulates. Nor am I seeking private patient records.

I am simply seeking records that describe purification (separation from everything else in the "host" sample).

3. - wherein the purported "genome" of this alleged virus was found intact in the bodily fluid, tissue or excrement of a so-called "host" (as opposed to fabricated in silico aka made-up / modelled on a computer).

4. - that scientifically demonstrate contagion of any of the symptoms / illnesses that are allegedly caused by said purported virus.

If any records match the above description and are publicly available, please provide enough information about each one so that I may identify and access it with certainty (i.e. title, author(s), date, journal, URL, DOI).

Publicly Available Records

If any records match the above description of requested records and are currently available to the public elsewhere, please assist me by providing enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Your request was assigned #25-00604-FOIA and placed in our complex processing queue.

In unusual circumstances, an agency can extend the twenty-working-day limit to respond to a FOIA request.

We will require more than thirty working days to respond to your request because We reasonably expect to consult with two or more Centers/Institutes/Offices.

If you have any questions or wish to discuss reformulation of your request or an alternative time frame for the processing of your request, please contact the analyst handling your request Mark Harper at 770-488-8154 or by email at wzj6@cdc.gov. You may also contact our FOIA Public Liaison, Bruno Viana, at 770-488-6246. Additionally, you may contact the Office of Government Services (OGIS) to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services; National Archives and Records Administration; 8601 Adelphi Road-OGIS; College Park, Maryland 20740-6001; e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Because you are considered an "Other requester" you are entitled to two hours of free search time, and up to 100 pages of duplication (or the cost equivalent of other media) without charge, and you will not be charged for review time. We may charge for search time beyond the first two hours and for duplication beyond the first 100 pages. (10 cents/page).

If you don't provide us with a date range for your request, the cut-off date for your request will be the date the search for responsive records starts.

You may check on the status of your case on our FOIA webpage <https://foia.cdc.gov/app/Home.aspx> and entering your assigned request number. If you have any questions regarding your request, please contact Mark Harper at 770-488-8154 or wzj6@cdc.gov.

We reasonably anticipate that you should receive a final response by April 5, 2025.

Please know that this date roughly estimates how long it will take the Agency to close requests ahead of your request in the queue and complete work on your request.

The actual date of completion might be before or after this estimated date.

Sincerely,

A handwritten signature in black ink, appearing to read 'Roger Andoh', with a stylized, cursive script.

Centers for Disease Control
and Prevention (CDC)
Atlanta GA 30333
February 20, 2025

Ms. Christine Massey

Via email: cmssyc@gmail.com

Dear Ms. Massey:

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of January 8, 2025, for

All studies in the possession/custody/control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR), authored by anyone, anywhere, ever:

1. - that scientifically prove or provide evidence of the existence of the alleged "human metapneumovirus" (HMPV) (showing that the alleged particles exist and cause the illness/symptoms that they are alleged to cause).

Note: Scientific proof/evidence is not opinions, speculation, declarations, review papers or descriptive studies.

Scientific evidence requires use of the scientific method to test falsifiable hypotheses through valid, rigorous, repeatable controlled experiments.

2. - (if no records exist for #1) that at least describe the purification of particles that are claimed to be this alleged viruses, directly from bodily fluid, tissue or excrement of so-called "hosts" (without adding any sources of genetic material or proteins) with purification confirmed via EM imaging (the images must be available as well).

Purify = separate from everything else in the clinical sample.

I am aware that according to "virus" dogma a "virus" requires host cells in order to replicate and am not seeking records describing the replication of a "virus" without host cells, or that describe a suspected "virus" floating in a vacuum or a strict fulfillment of Koch's Postulates. Nor am I seeking private patient records.

I am simply seeking records that describe purification (separation from everything else in the "host" sample).

3. - wherein the purported "genome" of this alleged virus was found intact in the bodily fluid, tissue or excrement of a so-called "host" (as opposed to fabricated in silico aka made-up / modelled on a computer).

4. - that scientifically demonstrate contagion of any of the symptoms / illnesses that are allegedly caused by said purported virus.

If any records match the above description and are publicly available, please provide enough information about each one so that I may identify and access it with certainty (i.e. title, author(s), date, journal, URL, DOI).

Publicly Available Records

If any records match the above description of requested records and are currently available to the public elsewhere, please assist me by providing enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

A search of our records failed to reveal any documents pertaining to your request. Please note that there may be relevant published materials online but the FOIA Act does not require an agency to conduct research outside of agency records to provide those online studies.

You may contact our FOIA Public Liaison at 770-488-6246 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, via the online portal at <https://requests.publiclink.hhs.gov/App/Index.aspx>. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be electronically transmitted by May 21, 2024.

Sincerely,

A handwritten signature in black ink, appearing to read 'Roger Andoh', with a stylized, cursive script.
